## Camp Upton History

Officially opening on December 20, 1917, Camp Upton was one of 16 cantonments built to train soldiers upon America's entry into WWI. Named after Civil War general Emory Upton, the camp was on nearly 20,000 acres of land and stretched from the Yaphank train station to the Wading River station. Over 40,000 men trained at the site, the majority of which were draftees from Long Island and New York City. Camp Upton was home to the 77th "Liberty" or "Metropolitan" Division, which would go on to distinguish itself in the Meuse-Argonne offensive. Today, Camp Upton is the site of Brookhaven National Lab.

**To find out more about the camp and the 77th Division, visit the Bayles Local History Room.**
